The Role of Skills and Talent
Development in National
Economy

Organized by:
The Faculty of Management Studies
ICFAI University Nagaland

Date: 2nd-3rd February 2017
Venue: IUN Auditorium
Sovima, Dimapur-797112, Nagaland

ICFAI UNIVERSITY NAGALAND

The ICFAI University Nagaland (IUN) has been established by an Act of Nagaland State Legislative Assembly (vide Act No.2 of 2006, dated 30th August 2006; under the notification No. LAW/ACT-11/2006, dated 19th September 2006). Consequently, the University has been empowered by UGC to award degrees, under section 22 of UGC act 1956. The University is also a member of the Association of Indian Universities and Association of Commonwealth Universities.

The ICFAI University Nagaland is committed to impart quality education, both at the Undergraduate and Postgraduate level. The University currently offers BBA, BCA, BA (Pass & Honours), B.Com (Pass & Honours), MBA, MA and Ph.D. courses. The University will introduce more Postgraduate programs in the academic session 2017-18. These programs are designed to provide contemporary knowledge and skills both functional and integrative.

Since its inception, the University has been organizing several Seminars, Academic Development Programs and Competitions. The University is located in Sovima, Dimapur and the infrastructural soundness of ICFAI University is commendable. Adding value to this infrastructural fineness is the team of experienced and well-qualified faculty & staff. The University believes in creating and disseminating knowledge and skills in core and frontier areas through innovative pedagogy, research, consulting and publishing.

The University, with its motto Meritum Ethicus, strives to develop a new cadre of professionals with a high level of competence and deep sense of moral principles and commitment to the code of professional conduct.

THE ROLE OF SKILLS AND TALENT DEVELOPMENT IN NATIONAL ECONOMY.

Indian economy is the third-largest in the world and has emerged as the fastest growing major economy in the world as per the Central Statistics Organization (CSO) and International Monetary Fund (IMF). According to the Economic Survey 2015-16, the Indian economy is expected to grow at a pace of 7.5% in 2016-17. Furthermore, initiatives like Make in India and Digital India will play a vital role in driving the Indian economy. The recent trends in the global market show that Indian economy is at a much higher growth rate than countries like US and China. India has a much better demographic capital than that of other developing countries; yet the unemployment ratio is very alarming. This being the case the Government of India has rightly been emphasising on the importance of Skills development. It is envisaged that proper training in skills could efficiently convert the demographic capital into economic assets. Against this backdrop, the Department of Management Studies will organize a two-day National seminar on: *The Role of Skills and Talent Development in National Economy*.

Sub-Themes:

- (a) Skills and Talent Management in Manufacturing Sector.
- (b) Challenges in Indian Economy.
- (c) Skills and Talent Development through Higher Education.
- (d) Challenges in Skills and Talent Management in Services Sector
- (e) Any other related topic (including inter-disciplinary).
